

Our Farmers Friendly Review® Session is Free and Valuable

Farmers agents provide this free service just for you. Meet with us in person or connect online to review your coverage to keep up with your changing insurance needs.

As your life changes, so should your policy

Changes in your life can add up to big changes in insurance needs. A change in marital status, the birth of a child, or the purchase of a home are just a few examples of life events that may create overlaps or gaps in your coverage.

Improve your coverage and possibly save money

Just as you continue to change and grow, over the past 85 years Farmers keeps growing. A Farmers policyholder can be the first to enjoy new benefits before they become industry standards, like when we became the first major insurer to offer a discount for alternative-fuel vehicles. Considering your growth and ours, your Farmers agent will inform you of any discounts or credits for which you may now qualify.

How often should you have a free Farmers Friendly Review® Session?

We recommend at least once a year, or whenever there is a change in your insurance needs. Receiving an annual reminder to meet with your agent in person is a good way to ensure a busy lifestyle doesn't prevent you from claiming new opportunities to save and update your coverage needs.

Call today and let's set up an appointment.
