

VVISION BUSINESS PROCESS

VVISION is a visual design studio providing high quality custom solutions and applications to create and enhance any brands, products, properties, events, and corporate assets. We aim to ignite targeted stakeholders with awe-inspiring outputs that narrate and extend the proposed values.

Our concept design and development methodology is based on a 3 steps process:

1. LOOK - Analyzing the project (existing material, requirements, stakeholders, and goals).
2. CREA - Producing preliminary creative solutions (concepts and visuals).
3. MADE - Executing the final work.

Step 1 and 2 is quoted at \$125/hr with a minimum of \$250/project.

Step 3 is quoted at \$37.5/hr.

External production resources (printing, media, etc) are quoted separately.

Special projects can be quoted upon different criteria.
