Nearly 30% of homeowners sell within 5 years

Life happens. New jobs, family transitions, and evolving preferences can all lead to your next move.

Meanwhile, market uncertainty, high transaction costs, and slow principal pay-down can make a mortgage less attractive for these shorter timelines.

Acre gives you the benefits of home ownership without the stress

Build Wealth from Day 1

Save thousands on closing and transaction costs. Access an outsized percentage of the home's appreciation.

Downside Protection

Acre is not a loan, so you will never be underwater, even if the market declines. Buying with Acre has no impact on your debt to income ratio.

Less Maintenance

Acre covers the big stuff, from HVAC replacement to roof repair. Don't want to manage the little stuff? We can cover that, too.
