If you're in good classes, then you're going to get pretty much good teachers. If you are rude to teachers and don't try they are going to treat you the same. I really believe what you put into your experience is what you get out.

Posted: 2/12/2024 by Junior

Worst part is the campus set up is divided between two buildings far from each-other so, the walk is outdoors and it's hard to be on time, theres not enough walking space, making it insufferable in bad weather. Sceond, the preparation for college is limited. What I would love to see changed is the cleanliness ,renovations, more parking spots, and access to resources for specified careers paths. But aside all that what I like about it is that they really care about sports and most teachers are very passionate about their subject, which helps motivate students. Another thing I like is the sense of community involvement within the students with clubs like Beta Club and NHS.

Sequoyah has given me life long friendships that I can always rely on. I also was given studying skills I can take into college. Through high school I learned time management and how to organize my work to get it all done. However, Sequoyah could have prepared me for college more when filling out applications. I wish they would dedicate more time to helping students with college and scholarship applications.

Posted: 1/4/2024 by Alum

Average school, the teachers were nice but the overall education wasn't that great. Did not prepare me for college and it lacked diversity.

Posted: 12/28/2023 by Senior

Overall Sequoyah is a good school. The school is divided into 2 buildings and might need to transfer between periods. One thing we are low on is the school spirit, only very few individuals participate in spirit week.
